

List of Approved Intergovernmental Personnel Act Organizations (01/07/2022)

This list reflects current and previous organizations where Federal organizations held an IPA agreement. The list is not exhaustive. It reflects information OPM gathered while they retained IPA organization certification approval authority in addition to the organizations USDA later approved.

OPM no longer certifies organizations for IPA agreements. The authority was delegated to Federal agencies (USDA, OHRM) on May 29, 1997. OHRM redelegated this authority to mission area HR Directors on October 14, 1998.

If an organization is certified by USDA or another Federal agency, the certification may apply throughout the Federal Government. Another organization can accept this certification or require an organization to submit the appropriate paperwork for review.
